## PLUMBING CAUSE OF TYPHOID FEVER

Steamfitters in Convention Want More Rigid Laws Enacted.

### CHEAP WORK BLAMED

President Spencer Says Defective Pipes in Washington and Vicinity Bring Dreaded Disease.

Richmond, July 13.—Insufficient laws regulating plumbing and sanitation in Virginia, Maryland and the District of Columbia are largely responsible for the high typhoid rate and for the prevalence of other diseases in the two States and the District.

That was the argument of half a dozen delegates, who spoke from personal knowledge and experience of conditions in their respective cities in the second annual convention of the Potomac States Association of Plumbers, Gasfitters, and Steamfitters, which was held here yesterday.

The convention met at 10 o'clock in the morning in Murphy's Hotel annex. There were three sessions during the day—morning, afternoon and evening. The cities represented were Baltimore, Washington, Hagerstown, Md., Cumberland, Md., Danville, Lynchburg, Newport News, Norfolk, Portsmouth, Charlottesville, and Richmond. By special invitation President Emmett Davidson, of the Virginia State Federation of Labor; C. H. Perry, of the executive board of the Virginia Federation of Labor, and Howard T. Colvin, chief clerk of the Legislative Reference Bureau, were present at the afternoon session, but took no active part in the proceedings of the convention.

### MOOSE EXCURSION TODAY.

Threatening Weather Does Not Interfere.

Notwithstanding the cloudy day and rain early this morning., two hundred Moose and their friends from the two cities forgot the weather, predicted a bright clear sky for the afternoon and made themselves joyous over the opportunity of bringing together their families and friends for a day of continuous pleasure for the young and old. The athletic features are being held and the winners will be announced tomorrow.

On the afternoon trip fully five hundred were on the boat, and tonight's crowd is expected to eclipse any previous excursion of the season. The bright sun of this afternoon ended joy to the hearts of all young folks who failed to take the morning trip, and the early boat is assured if the crowd is too large for the evening trip. The beauty contest is creating much interest to all and looked forward to by a number of the young ladies and their escorts.

Boat leaves the Mutual Ice Company's wharf.

The Holy Name Band paraded the streets this afternoon and took the afternoon boat.

The Alexandria Musical Association Band wil take the evening boat Tonight's boat will leave at 7:15 and the committees are hard at work looking after the comfort and pleasure of all.

The coroner's jury which investigated the killing of James W. Roberts by a train of the Washington Southern Railway on Friday, brought in a verdict Saturday night that the accident was due to the absence of precaution on the part of the deceased and the train crew.

### Clash Avoided.

Belfast, Ireland, July 13.—The insistent demand of the Protestant portion of the province of Ulster for exclusion from the operations of the Irish home rule bill lent added interest to today's celebration of the anniversary of the battle of the Boyne. The celebration was carried out here with great enthusiasm.

### NEWS OF THE DAY

Two boys, Morris Landres and Joseph Waldstein, rocked the boat in which they were rowing in Propect Park Lake, in Brooklyn, yesterday afternoon, and both were drowned. Five other persons were drowned at New York yesterday.

Emil Gotezke, of the auction firm of E. T. Newell & Compnay. of Baltimore, fell off a launch at Fort Carroll and never came to the surface. Miss Cecilia Hyman, 19 years old, was drowned off Dundalk in about five feet of water while being taught to swim and was seized with a cramp and rescued. Frederick Krause, 15 years old, dived to his death at Dix Spring, off Brooklyn, Anne Aundel county.

Mrs. Amanda Holtzappel, 45 years old, ended her life yesterday at York Pa. by hanging herself from a bedpost. The intense heat, it is believed, made her temporarily insane. She used an old apron to commit suicide, placing one end around the top of a bedpost and the other about her neck.

Despondent over being separated from his second wife, Ferdinand Beese, 52 years old, went to Mount Carmel Cemetery, near Baltimore, shortly after noon yesterday, and while kneeling over the grave of his first wife, swallowed carbolic acid and died .

Pleading for her life on a public road, near Wilmington, Del., while throngs were passing in automobiles and trolley cars, and with her little daughter Alice, aged 7 years supplementing her appeals with cries for mercy Mrs. Lulu Finnan aged 33 was yesterday afternoon shot and probably fatally wounded by John Clifton Wilkes aged 31, a corporal in the Thirty-sixth Company Coast Artillery Corps Fort Mott, N. J. The soldier then fired two bullets into his head, dying in a few minutes. Jealousy was said to be the cause of the suicide and probable murder.

A terrible explosion occurred aboard the Chinese gunboat Tungehi Saturday night while the vessel was lying abreast the Kiangnan arsenal. The explosion took place underneath the sleeping quarters of the naval cadets, 35 of whom were killed. The cause of the explosion has not been ascertained.

It is learned that the Rt. Rev. Alfred Harding, Bishop of Washington, was operated on July 4 and is now improving at Garfield Hospital.

The committee of inquiry that investigated the sinking of the Empress of Ireland in the St. Lawrence on May 29, with a loss of more than 1,000 lives, has announced its decision holding that the collier Empress which rammed the Empress, was responsible for the disaster.

Associate Justice Horace Harmon Lurton, of the United States Supreme Court, died suddenly in a hotel at Atlantic City yesterday, of heart disease . He was 70 years old. The death of Associate Justice Horace H. Lurton will afford President Wilson an opportunity to appoint ex-President William Howard Taft to the vacancy thus created on the highest judicial bench in the land. While no decision has been reached by Mr. Wilson, there has been talk for some time that in the event of such a vacancy the President would appoint his predecessor in the White House to that position.

While picking cherries Saturday, William Shaffer, 13 years old, son of John Shaffer, a farmer near Rockwood, Md., was instantly killed by lightning. He was on a ladder in the orchard. He fell to the ground at the feet of his brother Charles, 16 years old, and his sister May, 12 years old. They were rendered unconscious.

The bulls carried off the honors in the bull fighting at Madrid yesterday. In the event for amateurs, the sword of one of the toreadors was caught by the bull and tossed into the stand. It struck a spectator in the neck, killing him. Later a Mexican toreador, Miguel Frey, after killing the first bull, was mortally gored by the second. In a bull fight at Marseilles, France, yesterday, a matador, Ocojilto, was desperately wounded, the bull striking him in the abdomen with a side blow of the horn.

## LABORING MEN HOLD CONFERENCE

President of State Federation of Labor Assails Magistrates.

### WORKING CHILDREN

Charges Traffic in Permits—Representatives Demand that Sunday Laws Be Enforced.

Richmond, July 13.—Candidates indorsed by the Virginia State Federation of Labor will be put in the field in the next legislative campaign in all cities and counties where the present representatives are not satisfactory to the unions.

That plan was practically decided upon at a special meeting of the executive board of the Virginia State Federation of Labor held in Murphy's Hotel annex yesterday afternoon. The meeting was called by President Emmett C. Davison, of the State Federation, who returned last Saturday night from the coal fields in the western part of the State, where he had been assisting in the adjustment of questions involved in the miners' strike.

The object of the conference called by Mr. Davison was to consider several labor questions which have been recently brought conspicuously before the public by the activities of the State Department of Labor. Principal among these is the disregard of the law prohibiting Sunday labor, the illegal employing of children under age by manufacturers and the sale of permits by peace justices in different magisterial districts throughout the State.

President Davison openly charged certain magistrates in county districts, whose identity he made known, with selling permits at 50 cents each, enabling children of tender years to be put to work. He accused one magistrate of selling 150 of these permits at 50 cents each. Among those present at the meeting of the executive board were H. T. Colvin, and C. H. Perry, of Alexandria.

The ship will be opened to visitors on Wednesday afternoon at one o'clock. She will remain here but a few days, after which she will leave for Philadelphia and when she departs from the Quaker City the vessel will proceed to San Francisco and be exhibited at the Panama Exposition.

### WOMAN IS DISMISSED.

Irene McDermott Has One Hundred Dollar Note Returned to Her.

The case of Irene McDermott, arrested last week on the charge of conducting a disorderly house, was investigated in the Police Court this morning. She was represented by Robinson Moncure and had deposited a one hundred-dollar note for her appearance as well as forty dollars for the appearance as witnesses of four men who were in the house at the time.

The testimony was similar to that of Beulah West, who was arraigned last Friday to answer a similar charge and who was dismissed.

Two of the men caught in the raid appeared. One testified that he is a mechanic and during the past five years had been employed at times by the proprietress of the place. He denied that any immorality had been carried on. Another man, who was absent, it was stated had been sleeping at the place during the past seven years. No evidence of disorderly conduct was given.

The McDermott woman finally took the stand. She said that recently there were thirteen inmates of the house, but at the time the order was issued to close she had seven, and on the night of the arrest there were but two in the house.

Justice Caton delivered substantially the same decision as in the case of the West woman, but warned the prisoner of the consequences of defying the law, as the state statute provides a term in prison for al such offenders, and that she could not escape this punishment by paying a fine.

### CHILD'S NARROW ESCAPE.

By driving a heavy automobile truck across the sidewalk at the northwest corner of King and Alfred streets, yesterday morning, C. K. Fritter, the chauffeur, avoided running over a little girl who had darted in front of the machine. The truck was stopped by the east wall of the Cameron apartment and the only damage was a broken crank. The child ran on unconscious of the danger she had passed.

## MURDERS IN NEW JERSEY

Three Men Killed Yesterday—People Shocked at Sunday Horrors.

### LOVER IS SHOT DOWN

Assassinated in Dark Woods After Escorting Young Woman Home—Jealousy Said to Be Cause.

Riverside, N. J., July 13.—After escorting his sweetheart home from a moving picture show here near midnight Saturday night, Herman Fisher, 17 years old, son of John S. Fisher, was waylaid and murdered. His right ar mwas blown off and a great hole blown in his abdomen by two charges of shot from a gun. That he was slain by some jealous rival the police are convinced, but an all-day search failed to put the county authorities in possession of anything tangible for the solution of the brutal crime. The body of young Fisher was discovered by his brother George and a friend, Edgar Murphy, who had become suspicious of his delay in returning from the home of the girl, whither he had gone. They had heard shots, but had no thought of their real meaning .

The authorities have learned that members of the Fisher family had gnowledge of the belief of oyoung Fisher that he was being shadowed by some one for several weeks, but there was no suspicion that any harm would come to him. Efforts are being directed to the tracing of this supposed enemy. The detectives believe they will be able to find him and solve the mystery in a few days, if not by tomorrow night.

Two other murders were committed in New Jersey yesterday.

### DEATH AT THE HOSPITAL.

Young Man Passes Away This Afternoon.

Otis Sunderlin, the eighteen-year-old son of Mr. and Mrs. Albert Sunderlin, living on Queen street, died this afternoon at 2:30 o'clock at the Alexandria Hospital, following a few days illness of typhoid fever.

The deceased, a bright young man, with a host of friends and loved and respected by all, had been visiting with his mother at Dumfries, Va. Last Thursday he complained to his mother, who had been with him, of not feeling well, and a doctor was summoned the following day. On Saturday his condition became so serious that he was brought to the hospital where everything medical was done for him.

The complete funeral arrangements have not been made, but the body will be taken to Fredericksburg for burial.

### BOY ELECTROCUTED.

While playing ball on Seminary Hill Saturday afternoon John Warren Henry, colored, fourteen years old, picked up a live electric wire while looking for a ball and was instantly electrocuted. Two of his fingers were burned off.

### CARDINALS WIN GAMES

Trim the Treasury and Fairmounts in Great Baseball Contests.

The baseball fans who attended the games in the Alexandria Park Saturday were well repaid for the time thus spent by seeing the Cardinals "goose egg' the strong Trasury team, leaders of their league, and who have only been defeated twice this year, the final score being as follows: Cardinals, 5; Treasury, 0.

"Jack" Risdon pitched great ball for the Cardinals, and to have a shutout to his credit against such a team as the Treasury is something to be proud of, and to say he put the steam and curves in his work is clearly shown by the final score of the game.

"Dick" Snowden carried off the batting honors of the day, getting four hits in the same number of times up, one being good for two bases, and he also handled all chances to his corner on third in perfect fashion. Bauer, on the first sack, filled that post in a most creditable manner. The playing and batting of "Happy" Devers greatly aided the Cardinals to win. The features of the game were the good playing in general of the members in all positions of the Cardinals.

The features of the game for the Treasury was the battery work of Bell and Strait and the batting and playing of Downey, Armstrong, Bons, Fucher and McLaran.

Runs made by Cardinals: Nugent, Devers, Snowden, Lynn and Risdon. Treasury, none.

Umpires—Messrs. Sutherland and Trenary.

### Sunday Game.

The Cardinals yesterday had as their opponents the well-known Fairmount baseball team, of Washington, and the Cardinals won by a 7 to 1 score.

The Fairmounts brought to town a fine bunch of baseball players composed of O'Donnell, Shipley, Heitmuler, Hines, Miller, Mace, Snowden, Diecker and last but not least, "Wizard" Loomis, the young twirler from the Maryland Agricultural College, and this lad proved that he had a stock of curves that may cause the best batters to fan the air when they meet him . He fanned eight Cardinals during the day.

The Cardinals had their best lineup in this fray and played an excellent game.

Eddie Thompson was the lad selected to do the twirling for the Cardinals and he mixed his offerings in such a way that he baffled the hard-hitting Fairmounts, and served some as swift as meteors flying through the air, while others were as slow as an ox team going to market, with a heavy load. His record for the day was fourteen strike-outs. Jimmy Patterson played his position behind the bat in an able manner and tallied two runs for his team.

"Dug' Merchant, on the first sack, had all kinds of hard throws come his way and he handled them in great shape without a slip up. Snowden again had a good day with his "trusty oak" and made three hits out of four times up.

Runs made: Cardinals, Nugent, Allensworth, Devers, Snowden, Thompson and Patterson, 2. Total, 7.

Fairmounts—Paul Hines, Total, 1.

Umpires—Messrs. Cockrell and Sutherland.

## HUERTA TO RESIGN FOR SAKE OF PEACE

Blanquet, It Is Believed, Is Also Preparing to Step Down.

### "LOOT SHIP" DEPARTS

Mexican Dictator and Minister Will, It Is Thought, Leave Country on British Cruiser.

Vera Cruz, July 13.—To save his cvountry fromt he horrors of civil war and his capital from capture and, perhaps, sacking by a victorious army, General Huerta intends to resign the provisional Presidency and leave Mexico.

This was the confident belief here today following the arrival of Roberto Esteva Riuz, former acting minister of foreign legations, who declared that before he left Mexico City he understood Huerta was to submit his resignation to congress within the next few days.

It would cause no surprise here if General Huerta announced his retirement today. The dictator has invited newspapermen in the capital to a dinner this afternoon and it was expected he might make this statement then.

With General Huerta it is considered certain that General Blanquet, the dictator's chief adviser, will step down. He is expected to leave the capital with Huerta. They may take refuge upon a British cruiser, but there is a possibility that the reins of government may be handed over to Francisco Carbajal, present minister of Foreign relations, in time for Huerta and Blanquet to sail on the steamer Alfonso XIII, from Vera Cruz Thursday.

The "loot" ship Espagne, bearing Francisco De la Lama, former minister of commerce, Querido Moheno, the Maas families, and many representatives of the Mexican aristocracy sailed for Havana yesterday, carrying with them fortunes aggregating several million dollars.

It was the opinion of Ruiz that Carbajal, who will become President upon the flight of Huerta, will be acceptable to General Carranza. This is not borne out, however, by advices received by the Constitutionalist agent here. Carranza, it is said, will not recognize anyone who may assume control through the choice of Huerta.

### SECOND BAPTIST CHURCH.

**Large Congregations Attend New House of Worship Yesterday.**

There were overflow meetings at the new Second Baptist Church yesterday morning and last night. The new church was formally opened by the pastor, Rev. O. W. Triplett, with interesting and impressive services.

While there was a large congregation in the morning, this was greatly exceeded at the night service, although the weather was oppressively warm. The attendants were from every section of the city, and they filled the main auditorium, overflowed to the Sunday School while a great number stood outside the church unable to gain standing room within.

The pastor delivered a forceful sermon. His subject was "Jesus, the Sinner's Friend." After service he administered the rote of baptism on a number of candidates.

### SKATING ON SIDEWALKS.

**Youth Fined One Dollar for Indulging in Pastime.**

On Saturday afternoon Officer Miller arrested a fourteen-year-old boy on Fairfax street, between Duke and Wolfe, for using the sidewalk while amusing himself on roller skates. The accused was brought before the Police Court this morning to answer the charge. The boy in his defense said he did not know it was unlawful to use the sidewalks for such purpose. Justice Caton imposed a fine of one dollar.

Considerable complaint was made last fall of the use of the sidewalks by rollerskaters as soon as the two squares on Fairfax street, between Duke and Wilkes, were opened, and in some cases people living on the street were forced to spread sand on their sidewalks in order to keep off boys who persisted in order to keep off walks instead of the vitrified brick roadway. The police were invoked and they put a temporary stop to the annoyance. The practice, however, has been common during the past few weeks, and pedestrians are often forced to leave the sidewalks to avoid collisions with thoughtless youths.

The chronic use by some youngsters of the sidewalks when they ride wheels in the same neighborhood is often complained of.

### MERCURY SOARED.

**Sultry Weather Thinned Ranks of Church-Goers Yesterday.**

The weather was hot throughout yesterday and last night, and man and beast wilted under the rays of old sol. The intense heat kept many from attending church. About the usual number of private excursion parties passed down the river during the day, and the steamboats carried large crowds.

A fresh breeze from the northwest prevailed during the day, although the mercury was high up into the nineties. At the close of the day the wind ceased, when conditions became oppressive.

About three o'clock this morning there were showers with thunder and lightning.

According to the forecaster, the hot wave will remain during the next forty-eight hours.

# SENT TO GRAND JURY

**German Assaulted and Relieved of Two Hundred Dollars Saturday Night.**

Albert Holtzler, a German, who is unable to speak English, through an interpreter, reported to the police yesterday morning that he had been assaulted on north Fairfax street late Saturday night and robbed of two hundred dollars—eight twenties, three tens and two fives.

Officer Norris, after obtaining a description of the assailant, arrested James Hill, colored, who was positively identified by Holtzler as the man who attacked and robbed him. Three teeth were knocked from the mouth of the victim by the alleged assailant.

Holtzler, after having been shaved at a barber's shop started out Fairfax street, and it was stated that Hill was aware of the fact that he had the money on his person.

The accused was brought before the Police Court this morning when Holtzler declared he was the man who attacked him. The negro brought a colored woman and a colored man to testify in his behalf. They stated that the prisoner was at a house in the northern section of the city at the time the assault and robbery was committed; also that Hill had left them a short time for the purpose of buying fried oysters. When arrested, however, the prisoner had declared he was at the house from early in the night until the hour he went to bed and said nothing about purchasing oysters.

Justice Caton held Hill for the action of the grand jury. Holtzler was represented by Robinson Moncure.

The services will be open to the public.

The body will then lie in state in the church until tomorrow morning, when, at 9:30 o'clock, on a special train and accompanied by the members of the family and delegations from the various Masonic bodies of the city, it will start for Strausburg, where interment will be made. The burial service will be conducted by the Masonic Lodge of Strausburg, of which Mr. Le Hew was a member. It is stated that the decision to hold the midnight service, the first of the kind in the history of Masonry in this city, in Christ Church was due to the fact that the Masonic Temple would be inadequate to hold the large number who are expected to attend.

**Cured of Indigestion.**

Mrs. Sadie P. Clawson, Indiana, Pa., was bothered with indigestion. "My stomach pained me night and day," she writes. "I would feel bloated and have headache and belching after eating. I also suffered from constipation. My daughter had used Chamberlain's Tablets and they did her so much good that she gave me a few doses of them and insisted upon my trying them. They helped me as nothing else has done." For sale by all dealers.

## "GONE MAD ON SOCIETY."

Senator Vardaman, of Mississippi, gave expression to a thought which is, in the minds of many conservative and possibly 'old time' fathers and mothers, who still believe that a wise sobriety should guide the social life of mankind. In denouncing the spending of half a million dollars on a temporay building at the Panama Exposition in San Francisco to be erected by the government, and for the entertainment of visitors therein, he gave vent to his feeling by saying, 'The world has gone mad on society," and we might add on entertainment.

Man has been defined by a great philosopher as a social animal, and all healthy minded people enjoy the pleasure of true social intercourse. In its highest relations it is conducive to culture, friendship nad the development of those small sweet courtesies which make life so attractive. There always have been, and ever will be those who are distinctly known as members of what is known as "Society," which is right and proper if held within the bounds of the moral codes of humanity which is supposed in this country and the countries of Europe to be controlled by the principles of Christianity. But of recent years a large part of our population pursues amusement and the social whirl as a business. The home is generally deserted. One friend calls to another over the telephone "What are you going to do tonight?" and the night life of our towns and cities is quite as animated as that of the hours of business. The moving picture shows, the dance hall or the theatres are filled with interested members of all classes of society eager for a good time. Multitudes, and some not even of the well-to-do; are conquering time and space on the swift-moving automobile in the giddy round of pleasure.

We might enlarge on this aspect of our social life, and we are quite willing to admit that the growing demand for as well as the extension of opportunities for recreation among all classes is a good thing. But what of the chief result of this 'debauch' of amusement which calls for so much of the time in the surroundings of the place we call home, and every minute in our summer resorts. Is it not that pleasure has ceased to be a recreation, and has become a business, and a very serious business at that. Vital energy is lost instead of stored nad we are beginning to realize that not only the ... rush of ... crowd of ... otic women' ... n the world ... re quietly, ... escribed in ... e Browns' ... beyond the ... y.

... were still ... of James

W. Roberts, whose life was so suddenly and unexpectedly brought to a close by being struck by a passenger train last Friday while he was in his carriage, the community was again startled by the announcement of the sudden call of the angel of death upon William G. LeHew, a well-known and popular citizen. Mr. LeHew was engaged in cranking his automobile last Saturday night when death overtook him. As in the case of Mr. Roberts, the unwelcome guest had intruded himself into his vehicle and cut him down almost in the twinkling of an eye.

Mr. LeHew was at his post in the union passenger station ticket office when the train which killed Mr. Roberts rolled into the station. He naturally expressed his sincere regrets that life had been so suddenly snuffed from an old and well-known citizen. While engaged in talking with the writer he was unaware of the fact that he had but a day and a half more of existence on this mundane sphere.

The deceased were gentlemen who justly enjoyed the respect and confidance of all who knew them and their sudden call is lamented by many outside the family circles to whom they were near and dear.

No more marriage ceremonies in which either party vows to take the other "until death do us part," will be performed by Justice of the Peace Henry Neil, of Oak Park, Chicago. In the marriage service he will substitute the words, "so long as love and affection should last," and bride and bridegroom must give audible assent to the change.

Lightning Saturday night killed Herbert Hammet, of Brooklyn, a claim agent, in a telephone booth at a hotel in Monticello, N. Y. Mrs. Louise Phillips, of New York city, standing nearby, was knocked senseless, remaining unconscious several hours and may die.

If you have ever used Chamberlain's Colic, Cholera and Diarrhoea Remedy you know that it is a success. Sam F. Guin, Whatley, Ala., writes, "I hada measles and got caught out in the rain, and it settled in my stomach and bowels. I had an awful time, and had it not been for Chamberlain's Colic, Cholera and Diarrhoea Remedy I could not possibly have lived but a few hours longer, but thanks to this remedy, I am now well and strong. Why Suffer from Rheumatism?

When relief from rheumatic pains may be had at so small a cost it is surprising that anyone should fail to avail himself of it. Joseph Copparelli, Canastota, N. Y., suffered intensely with pains due to rheumatism in his limbs for a long time A friend told him about Chamberlain's Liniment. One application relieved him wonderfully, and a few days' treatment effected a cure. Many others have found quick relief by applying this liniment. For sale by all dealers.

### CHRISTMAS GOODS ARRIVE.

**Enormous Shipments of Toys From Germany Reach Newport News.**

Newport News, July 13.—Santa Claus is already on the move, preparing for his chimney incursions next Christmas Eve night, and thousands of dollars' worth of toys which he has had the peasantry of Germany and the Netherlands made for him have been received at Newport News, from where they will be distributed throughout the Southern States and the Middle West. Collector of Customs Norman Hamilton says that some of the largest importations ever received were coming into Newport News, and that they represented the grandest display of small toys, on which he had ever cast an eye and collected duty. Most of the toys are being imported by Boston firms, Newport News, being the receiving point.

"Heavy shipments are coming in," Mr. Hamilton said, "and the customs duties for June amounted approximately to $6,000 as against $111,000 for May. When the Panama Canal is opened for trade there will be a further increase, and business in Newport News and Norfolk will be on the boom.

In speaking of the toys which are being imported into this country, Mr. Hamilton said that most of them were brought over on steamers of the Holland-American Line. They are made by the pasants at night, after the day's work has been done. During the long winter evenings when night comes early, the father of the family gathers his children, about him, and, seated before a glowing fire, they fashion with carving implements little toys that Santa Claus buys and distributes among millions of homes on Christmas Eve night.

### BLAZE TRAPS TWENTY.

**Thrilling Rescues at a Boarding House—Two Burned.**

Lynchburg, Va., July 13.—Twenty-sleepers in the Jennings boarding house, Ninth and Jefferson streets, were trapped on the third floor by a fire yesterday morning at 2 o'clock, but all of them were rescued by firemen with scaling ladders except S. Whitlow, of Roanoke, who slid down a rope of sheets.

George Heason was badly burned but will recover, J. M. Johnson, of Bristol, also was burned. They were taken to the City Hospital. They will recover. The origin of the fire is a mystery. The firemen quickly extinguished the blaze and damage to the building was less than $1,000.

### Death of Samuel J. Harris.

He was born near Grottoes, Augusta county, but had made his home in this city for the past 25 years. He married Miss Lucy Madison, of Orange county, who survives, with five children, among whom is Mrs. Charles W. Turner, of Alexandria, Va.

# WON ON HIS BLUFF

## How an American Consul Brought a Dictator to Terms.

## A THREAT AND A SURPRISE.

**The Venezuelan Despot to Whom Uncle Sam's Official Had Issued a Comic Opera Ultimatum First Got on His High Horse and Then Stepped Down.**

A great many years ago Phil Hanna was consul at La Guayra, Venezuela, when a little revolution broke out. A military martinet in command of the town announced himself dictator and, needing money to carry on his activities, seized a bunch of American, English and German residents in the place and locked them in the town jail. They were informed that they would be released when they had made certain cash contributions to the revolutionary war chest.

Hanna was notified of the situation, and, looking up the consulate and leaving an extra sized American flag flying, he marched up to the headquarters of the dictator.

"Mr. Dictator," said Hanna, "I note that you have locked up a number of Americans. Permit me to introduce myself as the American consul."

The dictator asked what interest that fact had for him.

"It signifies that I am here in the name of my government to demand that these Americans be released instantly," replied Hanna.

"Can't do a thing for you," replied the general. "They've been told that when they cough up they'll be turned loose."

"They'll be turned loose without coughing and without delay," retorted Hanna. "I desire, in the name of my government, to say that if the Americans and all the European citizens whom you have locked up are not released by 6 o'clock this afternoon I shall proceed to shell the town."

"To shell—what'll you shell it with?" snorted the dictator. "Why, you haven't an American ship within a thousand miles, and you know it."

"What I said," replied Hanna with frozen faced dignity, "was that if those people are not released by 6 o'clock I'll shell the town." And he marched out again.

Hanna knew perfectly well that there wasn't an American ship nearer than New Orleans, and he knew the dictator knew it. But he had something up his sleeve. He went back to his office and waited patiently, meanwhile sending a clerk down to the water front to watch things.

The day wore on to midafternoon. Hanna was getting nervous. He must make good somehow. At last his messenger returned.

"Two British cruisers are coming into the harbor, sir," he reported.

"I knew they were due today," replied Hanna. "Now, you get word to the commander about what we've done here and tell him it's very important for him to come and see me."

At 5 o'clock that afternoon three very impressive officers in the uniform of the British navy came ashore and marched straight to the American consulate.

Hanna slouched out of his chair, shook hands all round and explained his scrape. The naval man wanted to know how he could best serve the necessities of the moment.

"Just go back on shipboard and begin clearing those vessels for action in the most ostentatious way you can," replied Hanna. "I'll do the rest."

As soon as the necessary time had elapsed to assure that these facts would have duly impressed themselves on his dictatorship Hanna started for the palace again. He didn't have to wait for admittance.

"Have the American and European prisoners been released?" he asked.

"They have not yet," replied the dictator.

"Then permit me to say that at 6 o'clock sharp, as I mentioned this morning, I begin shelling this town!"

"Where's your American ships?" persisted the dictator.

"The two British cruisers that have entered the harbor today are under my orders," replied the American consul, "and we'll blow you and your town off this coast before morning if you don't perform. Do you get it?"

The dictator didn't know whether it was bluff or not, but at 5:59 o'clock the prisoners were turned loose.

Hanna got a promotion for the job.—New York Sun.

# WISHED SHE COULD DIE

**And Be Free From Her Troubles, but Finds Better Way.**

Columbia, Tenn.—"Many a time," says Mrs. Jessie Sharp, of this place, "I wished I would die and be relieved of my suffering, from womanly troubles. I could not get up, without pulling at something to help me, and stayed in bed most of the time. I could not do my housework.

The least amount of work tired me out. My head would swim, and I would tremble for an hour or more. Finally, I took Cardui, the woman's tonic, and I am not bothered with pains any more, and I don't have to go to bed. In fact, I am sound and well of all my troubles."

Cardui goes to all the weak spots and helps to make them strong. It acts with nature—not against her. It is for the tired, nervous, irritable women, who feel as if everything were wrong, and need something to quiet their nerves and strengthen the worn-out system.

If you are a woman, suffering from any of the numerous symptoms of womanly trouble, take Cardui. It will help you. At all druggists.

# D. D. D. In Hospitals; Standard Skin Cure

How many hospital patients, suffering the frightful itch, the raw scorching pain of skin disease, have been soothed to sleep by a soothing fluid washed in by the nurse's hands?

That fluid is the famous D. D. D. prescription for eczema.

**THE SUPERVISING NURSE** of one of our prominent Catholic institutions (name of nurse and institute on application), writes regarding a patient. "The disease had eaten her eyebrows away. Her nose and lips had become disfigured. Since the use of D. D. D. her eyebrows are growing, her nose and face have assumed their natural expression."

How many eczema sufferers are paying their doctors for regular treatment and are being treated with this same soothing, healing fluid?

**DR. GEO. T. RICHARDSON** frankly writes "D. D. D. is superior to anything I have ever found. Soft and soothing, yet a powerful agent."

To do the work, D. D. D. Prescription must be applied according to directions given in the pamphlet around every bottle. Follow these directions—and see!

And it certainly takes away the itch at once—the moment the liquid is applied. The skin is soothed—calmed—so thoroughly refreshed—delightfully cooled.

All druggists of standing have the famous specific as well as the efficient D. D. D. Skin Soap.

But we are so confident of the merits of this prescription that we will refund the purchase price of the first full size bottle if it fails to reach your case. You alone are to judge.
